

UNITED STATES DISTRICT COURT
DISTRICT OF NEW HAMPSHIRE

IN THE MATTER OF THE APPLICATION
OF THE UNITED STATES OF AMERICA
FOR AN ORDER AUTHORIZING THE
INSTALLATION AND USE OF A PEN
REGISTER AND/OR TRAP AND TRACE
AND FOR PRODUCTION OF RECORDS
FOR TELEPHONE NUMBER (978) 569-4672

ORDER

This matter has come before the Court pursuant to an Application under Title 18, United States Code, Sections 2703 (c), 2703 (d), 2705 (b), 3123 (a), 3123 (b) (2), and 3124 (a) by the United States through its attorneys, John P. Kacavas, United States Attorney, and Jennifer Cole Davis, Assistant U.S. Attorney for the District of New Hampshire, requesting an Order: (1) authorizing the installation and use of a pen register and/or trap and trace; (2) the production by Sprint Nextel, and any other electronic communication service provider whose services and/or numbers are involved, all providers of electronic communication service within the meaning of 18 U.S.C. § 2510 (15), to the United States Attorney for the District of New Hampshire and the New Hampshire State Police (NHSP) and US Immigration Customs Enforcement (ICE) certain transactional records

extending sixty (60) days from the date of the Court's Order pertaining to cellular/wireless telephone number (978) 569-4675; (3) precluding the provider of such service from disclosing to the subscriber (s) or to any other unauthorized person this request, any Court Order issued in connection therewith, the fact of disclosure of such records to the requesting governmental entities or the existence of this investigation, pursuant to 18 U.S.C. § 2705 (b); and, (4) sealing this Application and Order (s) hereon.

The Court finds that the applicant has offered specific and articulable facts showing that there are reasonable grounds to believe that the records sought are relevant and material to an ongoing criminal investigation (specifically an investigation being conducted by the NHSP and ICE into possible violations of the Immigration and Nationality Act (INA) found under Title 8 U.S.C., inter alia, Title 21, United States Code, Sections 846, 841(a)(1), and that the information likely to be obtained from a pen register and trap and trace device, including the caller identification feature, as well as subscriber and toll information regarding the telephone numbers to be recorded by the pen register and trap and trace devices, is relevant to the ongoing criminal investigation in that it is believed that this information will concern the aforementioned offenses.

Additionally, the Court finds that disclosure to any person of this investigation or of this Application and Order entered in connection therewith would jeopardize the investigation.
